Profit before tax increased VND 757 billion due to the transfer of the whole profit in 2017 of DHG Pharma's wholly-owned subsidiaries to the parent company in Q4/2017. Profit of subsidiaries in 2016 did not transfer to the parent company in Q4/2016, but transferred in Q2/2017.

Profit after tax in Q4/2017 of the parent company after deducting dividends of subsidiaries decreased by VND 103.6 billion compared to the same period, because corporate income tax was recorded in accordance with the amendment in 2016.

## 2 SIGNIFICANT ACCOUNTING POLICIES

#### Basis of preparation of separate financial statements

The separate financial statements, expressed in Vietnamese Dong (VND), are prepared under the historical cost convention, in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of financial statements.

The separate financial statements are intended to present the financial position of the Company, and the results of its operations and cash flows for the fiscal year ended on the same day. Therefore, the Company does not perform consolidation of investments in subsidiaries and associates in this separate financial statements. The Company's investments are recognized under the Company's policies.

The separate financial statements are not intended to present the financial status and its results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

#### Fiscal year

The Company's fiscal year begins on 01 January and ends on 31 December.

## 2 SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### Accounting estimates

The preparation of the financial statements in conformity with Vietnamese Accounting Standards requires the Board of Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the year. Although these estimates are based on the Board of Management's best knowledge of current events and actions, actual results may differ from those estimates.

#### Accounting currency

The separate financial statements are measured and presented in Vietnamese Dong ("VND").

Transactions arising in foreign currencies are translated at exchange rates ruling at the transaction dates. Foreign exchange differences arising from these transactions are recognized as income or expenses in the income statement.

Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are respectively translated at the buying and selling exchange rates at the balance sheet date of the commercial bank where the Company regularly trades. Foreign currencies deposited in the bank at the balance sheet date are translated at the buying exchange rate of the commercial bank where the Company opens the foreign currency accounts. Foreign exchange differences arising from these translations are recognized as income or expenses in the income statement.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash in transit, demand deposits and short-term investments with maturity term not exceeding 3 months from the date of investment, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

#### Trade receivables

Trade receivables are carried at the original invoice amount less an estimate made for doubtful receivables based on a review by the Board of Management of all outstanding amounts at the year-end. Bad debts are written off when identified.

#### Inventories

Inventories are stated at the lower of cost and net realizable value. Cost is determined by the weighted average method and includes all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of manufactured products, cost includes all direct expenditure and production overheads based on normal levels of operating activity. Net realizable value is the estimated selling price in the normal course of business, less the estimated costs of completion and selling expenses. Provision is made, where necessary, for obsolete, slow-moving and defective inventory items.

#### Investments

#### Investments held-to-maturity

Investments held-to-maturity are investments which the Board of Management of the Company has positive intention and ability to hold until maturity.

Investments held-to-maturity includes term deposits for interest earning. Those investments are accounted for at cost less provision.

Provision for diminution in value of investments held-to-maturity is made when there is evidence that part or the whole of the investment is uncollectible.

## 2 SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### Investments in subsidiaries

Subsidiaries are all entities over which the Company has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Company controls another entity.

Investments in subsidiaries are accounted for at cost less provision for diminution in value. Provision for diminution in value is made when there is an impairment of the investments.

#### Investments in associates

Associates are investments that the Company has significant influence but not control, and would generally have from 20% to under 50% voting shares of the investee.

Investments in associates are accounted for at cost less provision for diminution in value. Provision for diminution in value is made when there is a reduction in value of the investments.

#### Investments in equity of other entities

Investments in equity of other entities are investments in equity instruments of other entities without controlling rights or co-controlling rights, or without significant influence over the investee. These investments are initially recorded at cost. Provision for diminution in value of these investments is made when the entities make losses, except when the loss was anticipated by the Board of Management in their business plan before the date of investment.

#### **Fixed assets**

#### Tangible and intangible fixed assets

Fixed assets are stated at historical cost less accumulated depreciation/amortization. Historical cost includes expenditure that is directly attributable to the acquisition of the fixed assets.

#### Depreciation and amortization

Fixed assets are depreciated and amortized using the straight-line method so as to write off the cost of the assets over their estimated useful lives or over the term of the project if shorter. The estimated useful lives of the assets are as follows:

| Building and structures | 3 – 25 years |
|-------------------------|--------------|
| Machinery and equipment | 3 – 20 years |
| Motor vehicles          | 3 – 10 years |
| Office equipment        | 3 – 10 years |
| Software                | 3 – 8 years  |

Land use rights with definite terms are amortized using the straight-line method over the terms indicated in the land use right certificates. Land use rights with indefinite useful life are recorded at historical cost and are not depreciated.

#### Disposals

Gains and losses on disposals are determined by comparing net disposal proceeds with the carrying amount and are recognized as income or expenses in the income statement.

#### Construction in progress

Properties in the course of construction for production, rental or administrative purposes, or for purposes not yet determined, are carried at cost. Cost includes professional fees and, for qualifying assets, borrowing costs dealt with in accordance with the Company's accounting policy. Depreciation of these assets, on the same basis as other fixed assets, commences when the assets are ready for their intended use.

#### 2 SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### Leases

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Rentals payable under operating leases are charged to the income statement on a straight-line basis over the term of the relevant lease.

#### **Investment properties**

All of the Company's investment properties are held for lease.

Investment properties held for lease are stated at historical cost less accumulated depreciation. Cost of investment properties comprises all costs (cash or cash equivalents) that the Company paid or the fair value of any other consideration given to acquire the investment properties at the time of its acquisition or completion of construction.

#### Depreciation

Investment properties held for lease are depreciated on the straight-line method to write off the cost of the assets over their estimated useful lives of 10-16 years.

#### Disposals

Gains or losses on disposals are determined by comparing net disposal proceeds with the net book value and are recognized as income or expenses in the income statement.

#### Prepaid expenses

Prepaid expenses include short-term and long-term prepayments on the balance sheet. Prepaid expenses are recorded at historical cost and allocated using the straight-line method over estimated useful lives.

#### Payables

Classifications of payables are based on their nature as follows:

- Trade accounts payable are trade payables arising from purchase of goods and services.
- Other payables including non-trade payables, and not relating to purchase of goods and services.

Payables are classified into short-term and long-term payables on the balance sheet based on the remaining period from the balance sheet date to the maturity date.

#### Accrued expenses

Accrued expenses include liabilities for goods and services received in the period, but not yet paid for due to pending invoice or insufficient records and documents. Accrued expenses are recorded as production and operating costs for the reporting period.

#### Borrowing costs

Borrowing costs that are directly attributable to the construction or production of any qualifying assets are capitalized during the period of time that is required to complete and prepare the asset for its intended use. Other borrowing costs are recognized in the income statement when incurred.

## 2 SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### Provisions

Provisions are recognized when: the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provision is not recognized for future operating losses.

Provisions are measured at the expenditures expected to be required to settle the obligation. If the time value of money is material, provision will be measured at the present value using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognized as an interest expense.

#### Provision for severance allowances

In accordance with Vietnamese labor laws, employees of the Company who have worked regularly for a full 12 months or longer, are entitled to a severance allowance. The working period used for the calculation of severance allowance is the period during which the employee actually works for the Company less the period during which the employee participates in the unemployment insurance scheme in accordance with the labor regulations and the working period for which the employee has received severance allowances from the Company.

The severance allowance is accrued at the end of the reporting period on the basis that each employee is entitled half of an average monthly salary for each working year. The average monthly salary used for calculating the severance allowance is the employee's average salary for the six-month period prior to the balance sheet date.

This allowance will be paid as a lump sum when the employees terminate their labor contracts in accordance with current regulations.

#### Provision for dismantling and restoration costs

According to Circular No. 200/2014/TT-BTC issued by the Ministry of Finance, since 01 January 2015, the Company is required to provide for dismantling and restoration costs of the Company's leased premises and lands. This provision is determined based on the estimated dismantling and restoration costs incurred at the time of returning the premises and lands in the future and recognized on straightline basis over the period from 01 January 2015 to the time of returning the premises and lands.

#### Unearned revenue

Unearned revenue represents the fair value of goods and services provided to customers for free or at discount in the customer loyalty programs. The Company records unearned revenue for the future obligations that the Company has to conduct.

#### Current and deferred income tax

Income taxes include all income taxes, which are based on taxable profits including profits generated from production and trading activities in other countries with which the Socialist Republic of Vietnam has not signed any double taxation agreement. Income tax expense comprises current tax expense and deferred tax expense.

Current income tax is the amount of income taxes payable or recoverable in respect of the current year taxable profits at the current year tax rates. Current and deferred tax should be recognized as income or expense and included in the profit or loss of the period, except to the extent that the tax arises from a transaction or event which is recognized, in the same or a different period, directly in equity.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is not recognized if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of occurrence affects neither the accounting nor the taxable profit or loss. Deferred income tax is determined at the tax rates that are expected to apply to the financial year when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted by the balance sheet date.

## 2 SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### Current and deferred income tax (cont.)

Deferred income tax assets are recognized to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

#### **Owners' equity**

Contributed capital of the shareholders is recorded according to actual amount contributed. Contributions from owners are recorded according to par value of the share.

Capital surplus is the difference between the par value and the issue price of shares and the difference between the repurchase price and re-issuing price of treasury shares.

Undistributed earnings record the Company's results (profit, loss) after business income tax at the reporting date.

#### Funds

The Company's funds are as below:

#### Investment and development fund

Investment and development fund is appropriated from net profit of the Company and approved by shareholders at the General Meeting of Shareholders.

#### Bonus and welfare fund

Bonus and welfare fund is appropriated from the net profit of the Company and approved by shareholders at the General Meeting of Shareholders.

#### Dividend distribution

The Company's profit after tax is available for appropriation to shareholders as dividends after approval by shareholders at the General Meeting of Shareholders.

Final dividends are declared and paid from undistributed earnings based on the approval of shareholders at the Annual General Meeting of Shareholders.

Appropriation of the Company's profit after tax of 2016 was approved by shareholders at the Company's General Meeting of Shareholders as follows:

- Dividends declared for 2016: 35% of par value.
- Appropriation to the bonus and welfare fund for employees: 12% of consolidated profit after tax of parent company's shareholders.
- Remuneration for the Board of Directors, Board of Supervisory, members of Subcommittees under the Board of Directors, Board of Directors's Secretary: VND 5 billion.
- Bonus for the Board of Directors, Board of Supervisory, members of Subcommittees under the Board of Directors, Board of Directors's Secretary, Executive Board and key staffs: 5% growth in consolidated profit after tax of parent company's shareholders.
- Remaining net consolidated profit after tax was appropriated to the investment and development fund.

#### Revenue recognition

#### Sales of goods

Revenue from the sale of goods is recognized in the income statement when all five (5) following conditions are satisfied:

## 2 SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### Sales of goods (cont.)

- The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

No revenue is recognized if there are significant uncertainties regarding recovery of the consideration due or the possible return of goods.

Revenue is recognized based on principle of "substance over form" and allocated to each sales obligation. In case that the Company gives promotional goods to customers associated with the customers' purchase, the Company allocates total consideration received for goods sold and promotional goods. Cost of promotional goods is recognized as cost of goods sold in the income statement.

#### Rendering of services

Revenue from rendering of services is recognized in the income statement when the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided. Revenue from the sale of services is only recognized when all four following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company;
- The percentage of completion of the transaction at the balance sheet date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

#### Interest income

Interest income is recognized on an earned basis.

#### Dividend income

Income from dividend is recognized when the Company has established the receiving right from investees.

#### Sales deductions

Sales deductions include trade discounts, sales returns and allowances. Sales deductions incurred in the same period of the related sales of products, goods and services are recorded as deduction of revenue in that period.

Sales deductions for the products, goods or services which are sold in the previous period, incurred after the balance sheet date, but before the issuance of the financial statements are recorded as deduction of revenue in the period.

#### Customer loyalty programs

Revenue is recognized at a total consideration received less the fair value of goods and services which are provided to customers for free or at discount. Fair value amounts of goods and services provided for free or at discount are recognized as unearned revenue. If customers do not meet the required conditions stated in the customer loyalty programs at the end of the programs and hence, are not entitled to the free or discounted goods and services, the unearned revenue is realized into the income statement.

## 2 SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### Customer loyalty programs (cont.)

When customers meet all the required conditions and the Company is the one providing the free or discounted goods and services to customers, the unearned revenue, corresponding to the fair value of free goods or services provided or discounted amount for the customers, is realized into the Company's income statement at the time that obligations to customers are fulfiled, which means, goods are delivered and services are rendered to customers.

When customers meet all the required conditions and the obligations of providing the free or discounted goods and services to customers are carried out by a third party: If the Company does not act as an agent of the third party, the unearned revenue is realized into the Company's income statement at the time that the third party provides the free or discounted goods and services to customers. If the Company acts as an agent of the third party, the Company recognizes revenue for the difference between the unearned revenue amount and the amount payable to the third party for providing such free or discounted goods and services to customers. The amount paid to the third party is treated as the payment of the liability.

#### Cost of goods sold

Cost of goods sold or cost of services are cost of finished goods, merchandises, materials sold or services provided during the period, and recorded on the basis of matching with revenue and on prudent concept.
